Completely reimagined by architect Lara Berner Hudson, this beautifully remodeled home blends thoughtful design with modern comfort. Featuring three bedrooms, a spacious primary suite with a large bath, a convenient Jack-and-Jill bath, and an elegant half bath, the layout is both functional and refined.

Extensive upgrades include all new plumbing, updated electrical, and new insulation for efficiency and peace of mind. The expansive kitchen opens seamlessly to a welcoming family room, creating the perfect space for everyday living and entertaining. From there, step through the breezeway to a charming garden and two-car garage. Fantastic storage hidden behind the garage, totally fenced.

Filled with natural light, this home offers an airy feel and exceptional flow throughout - designed for both comfort and style.
